

# SKILLING AND LIVELIHOOD

**CREATING EQUAL WORK OPPORTUNITIES**

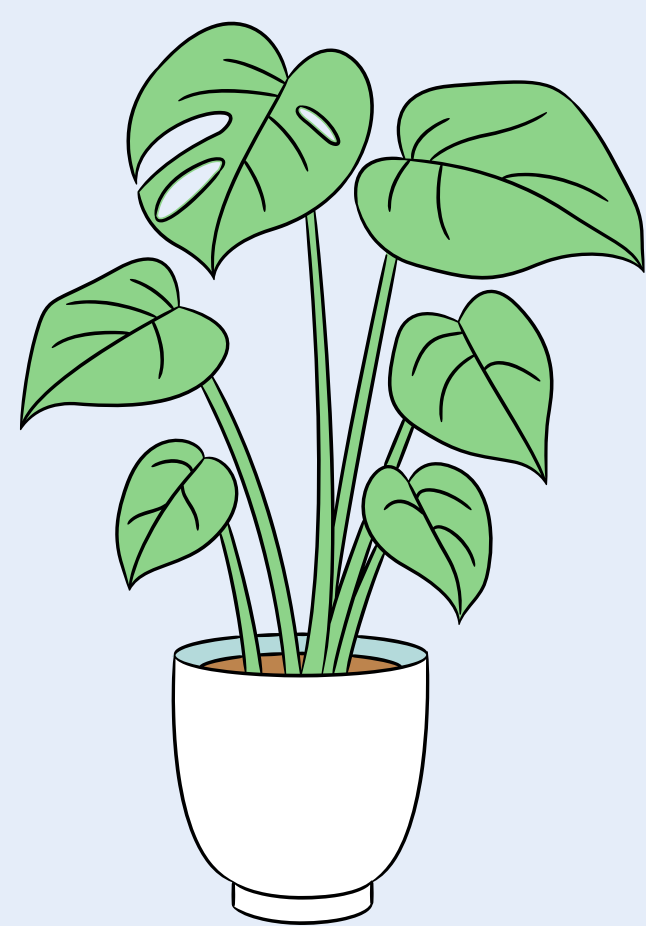

## CREATING EQUAL WORK OPPORTUNITIES

Since 2011, Project Arunima has been working towards bettering the lives of individuals with disabilities and raising awareness in India.

We run a skilling centre where we help develop the interests and strengths of our service users in a professional manner. This may include Art, IT, cooking, and admin related work.

Infact, support from organisations enabled us to start a tiffin service where we now employ 9 of our service users, who showed an inclination towards cooking.

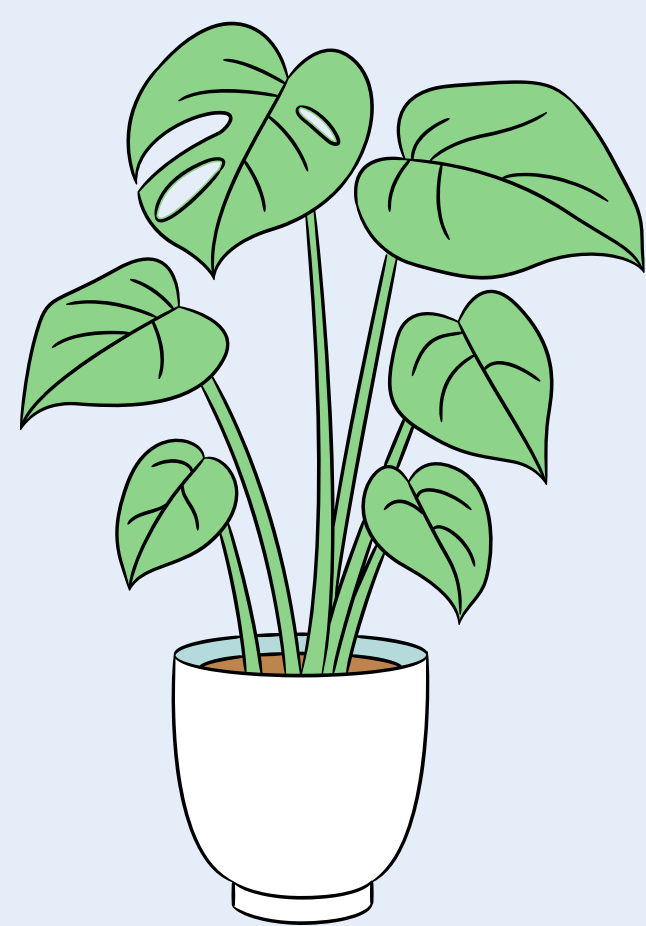

## CREATING EQUAL WORK OPPORTUNITIES

*A study done by government data in 2019 showed that the unemployment rate for persons with disabilities is over 70% in India.*

*Although companies such as Infosys, LemonTree, and Wipro are known for hiring persons with disabilities, there aren't nearly enough services to develop the skills needed to work in an integrated setting. In addition, there is a lack of awareness about disabilities that lead to inaccessible, hostile and exclusive environments that do not promote growth.*

## CREATING EQUAL WORK OPPORTUNITIES

Our goal at Arunima is to find an interest in each one of our friends and help them identify occupations that can help their skills blossom. It is truly our hope that one day, all of our friends will be employed in their areas of interest, but for now, our focus is to help them develop these skill sets.

We require donations to be able to provide the best training possible with the best facilities available. We also pay our friends a stipend for their work to set them up in an environment that is as close to a typical workspace as possible, as well as to provide the incentive that each individual needs.

## **CURRENT FINANCIAL NEED**

<b>Category</b>	<b>Cost</b>
Financial aid grants	1,05,521
Field Trips	1,10,000
Program Supplies	20,000
General Expenses	2500
